B. What date and time did the events giving rise to your claims occur?
Monday November 28th 2016 3:15 Pm , Tuesday November 29 2016 entire day 8:30 till 3:09 Pm, Wednesday November 30th 2016 1:39 Pm, Thursday December 1, 2016 1:30 Pm, Friday December 2 2016 1:37 pm Students time of lunch (unknown).

(Who did what ?) Monday November 28th 2016 at 3:13pm while child was talking to his teacher in my presence Marilyn L Hamilton Four black women employees at Stearne Elementary Ms Royce, other three names unknown and have been hidden not provided) Will show proof that even school principal his with holding names of employees) approached us child was interrupted, blamed by teacher Mrs Culman on the first day with the help of four black angry staff. Child was not allowed to be heard disrespected,

improperly interrupted, we were harshly being bullied given mad, angry facial expressions bad body language, and followed to door was held open by Ms Royce for us to get out all an act of retaliation.

Tuesday November 29th 2016 Child was very hurt down his self esteem was very low had his hands in his pocket his face was very sad. He began crying when he got home I pushed for him to tell me what was wrong. Child told me Ms Cullman treated him horribly, unfairly allowed a caucasian child who was hitting others to hit him constantly did nothing about it. But when child was making him stop in self defense Ms Cullman would yell holler at him say he was doing things that he did not do. Each time she called his name throughout the day she did it by yelling at him, called him rudely all day. This was only his second day with Mrs Cullman. She was mad to treat him with harshness. Child found himself having to explain over and over again to her. Child apparently was mentally abused the entire day which caused his self esteem to drop very low because he was a black kid being bullied he felt he had no rights. Child began crying hard and I had to help him.

Wednesday November 30th 2016 I received a false complaint from teacher and realization that these four black woman altogether were bothering him again by the teachers text. She sent me a text that delivered me the message that made me aware clearly the school was up to something, as the entire week the school stated my child was doing all these horrible things they disrespected me right in the presence of my child non stop bullied myself and child the entire week. Wednesday the teacher Ms Cullman made a false complaint however she shed light as well. I spoke to my son he said mommy nothing be going on the ladies were all coming into his classroom at him together bothering him as in bully questioning him 4 Black ladies all with walkie talkies names are not all known 1 Ms Royce, School Counselor, Unknown name this is same woman who tries to whip my son even in my presence, 4th women black unknown name. Son apparently is scared of every last woman whether together or separated he

is scared of them even when I am there. Women's and entire school and C.(Facts): District were in support that I filed a complaint of Violation /Discrimination on the school against myself and child. But yet I am always truthful about what I complain about District/School personnel prefers that I hush and not report.

Ms Royce sent a note home stating my child was breaking the school of conduct rules and for me to come in for a meeting. She did not say what he was doing in the letter. I asked my son what happened Child claimed "nothing they just kept picking at him the whole day snapping at him coming into his classroom bullying him all day four black ladies". I received no clarification from neither teacher nor Ms Royce who set up the meeting. The teacher did not say what child did nor did she request a meeting Ms Royce did teacher also did not get back to me the rest of the week in any such complaint.

Thursday December 1 2016 1:30 pm I showed up to the school for the meeting.(this interrupted my schedule as I was working with children voluntarily part of my educational goal and in studies constantly). Ms Royce did not arrange for a sign interpreter however she wrote everything she stated. She stated she does not know of any concerns of what my child has done, stated she would have to ask the child's teacher. Ms Royce set that meeting up so she should have known. I asked my child was there a problem he said mommy I dont be doing nothing they keep being mean to me, but everything was fine no problem mommy. I filed a complaint in the schools office regarding the teacher yelling at him and the bullying. Ms Royce was snooping up on me and became fierce I told her this was not about you. When I finished filling out the complaint I gave it to the secretary at the front desk and asked her for a copy, Ms Royce went to go read my complaint /concern form. I then left was walking out ,but I chose to stop by my sons class, and give him money for a snack child seemed like he was experiencing negativity, but he did not tell me yet. Child and I were talking about purchasing a healthy snack without too much sugar. A woman who

apparently was walking around me in a suspicious manner (same lady who bullied child when he was was talking to his teacher Monday 11/28/2016) pointed her walkie talkie at him directly walking at him the walkie talkie was in his face nearly touching his nose she said" why you was cussing'? My son was backing up away from her and she continued to come at him (she looked like something evil was inside of her it was so scary even I was scared). Child ran behind me she said Yesss you did she Imma Beat Your Butt" Son started running behind me getting away from her she kept trying to catch my son and beat his butt in my presence Both the woman Stearne Elementary Employee and my son were circling me. My son was trying to get away and she the woman employee was trying to beat his butt.Employee is a older woman age 55-50 years old thick glasses wears mostly wigs dark skinned wig was trying to come off when she was trying to beat my son's butt that is how I know it was a wig, but couldn't catch him. woman walked away she filed no complaints there wasn't any complaint from his teacher or anyone that he had been cursing saying bad language. Child was so scared he stated mommy that lady keep on bothering I wanna go with you. I said go back into class I am gonna wait outside for you I am not going nowhere. Child apparently was so scared he said wait he got permission instead to leave class for the day right after that incident.The experience,situation left me and child shaken and scared.My son was rambling about what that lady was doing to him that whole day. He said she kept bothering him coming to his class bothering him all day. I said I know because she did it right in my face.I filed a complaint re this incident online instead of going back to the office we just wanted to get out of there it seemed to be a very dangerous,hostile, intimidating, and trying to provoke me environment.I handled that well my son handled that well also he ran from her over doing anything else.I kept my mouth closed and allowed my child to take cover I did not stop him from running and getting away from her it is best. We left the building I filed the bullying complaint online and at the District no on the supervisors, heads, superintendent did absolutely nothing.

Friday December 2 2016 I received a text without enough information no clarification, possibly meant for me to be surprised so I can act in a way that will make me look like I did something or get me accused, as school was trying to provoke me and child all week long. I came to the school most of the staff were negatively talking to me looking at me rudely like they were mad at me as if I did something major to them. I never crossed anyone of them, and my child did not cross them either he was just being used to be retaliated against. To find a way to fit him into a negative label stating and making up that he was acting out even if another child initiated a fight with him for no apparent reason. The school will use that to start a bunch of confusion and add ons and this is when they began even beating him up on Friday harshly causing blood scratches and scars. This was not a situation where a child was at the time fighting. The self defense had already stopped the other child who had initiated the fight by hitting my son about the head repeatedly and back of head was already gone off the school yard into the building. My child was still in the school yard when all of the sudden several staff the principal Mrs Jessica Ramos and the Security guard Dennis began roughly, and harshly beating my child pulling him pinning him down for no apparent reason they could have killed my child as he stated the boy who initiated the fight had been banging punching him all over his head and throwing him down and wouldn't stop so he defended himself pushed the boy off of him when he came at him. My child was not looked down as self defense he was negatively stated to have done a whole bunch of things including assaulting the police. I came there the police had absolutely no complaints to me they waited for me to get there and once the child was in my possession and I left so did the two officers none of them had a complaint of my child doing anything to them as stated in the suspension letter. I maintained my calmness and when I got home my child had blood everywhere blood all over his shirt his arm was bruised his head was bruised. The head bruise back of head resulted from the boy punching him from behind, the long 8 inch to 10 in scratch redness was done by Jessica Ramos principal who had been digging her nails into my

childs arms, the bruise which leaked blood was caused by the security guard. However there were 4 people improperly abusing him unknown white male who works in office short, unknown name of food service employee male. It doesn't take 3 grown strong males and one grown woman to handle a 10 year old boy who was in pain just gotten beaten up by another kid. (Pictures of Bruises Provided).Child was unfairly suspended for 5 days we used those days for safety felt safer than going to the school.

Meeting was set December 12th 2016 at 1:30 in order for child to come back to school with Principal Jessica Ramos. I attended the meeting a sign interpreter was provided child still did not feel safe, I felt it was so unright to be putting him back into that school it all didn't make sense, I wanted my child to be educated but it was happening in danger and unsuitable conditions. At the meeting Ms Ramos apparently was trying to support the schools goal to get me to sign forms to have my child counseled with their choice through the school and no outside resources just them.Ms Royce walked up to me with a bullying behavior and papers.The purpose is to hide and falsefy information so that it can be falsely recorded and hidden that the child was experiencing abuse,bullying, improperly detainment from the schools Webster, Howe, and Stearne Elementary.The schools and District do not want that information shared outside of the school or complaint of I was asked previously by assistant Principal Bryon Golson of Webster Elementary not to share with anyone and my child about the complaint of discrimination.However documentation was provided proof that the schools and districts were violating my child and self civil rights,discriminating us by age,and disability.The meeting did not go in the favor of Ms Jessica Ramos on Monday December 12th 2016 at 1:30 however she stated child can go back to class a sign language interpreter was there and provided. But the meeting was planned in the favor of the school it did not give my child or self any rights and was a added way to try and constantly which they have been doing so long push me to sign my child into therapy/counseling

directly with the school no outsiders and sign their papers... which I have stated over and over child is already in therapy receives counseling ,and at times I explain that I know what to do ,and I will take care of that outside of the school and not inside that will give us parties the ability to see what is going on this is what I stated to Ms Royce at Stearne Elementary this school had called Child protective services on me on the first week of school filed about 11 complaints told me to get my child some mental health counseling we didn't do anything wrong to this school we just started here).I have done just that without any problem no force no court order harassment yes, but each school would push even if it was the first day recommend a counseling service through the school to me I declined because I knew nothing was wrong with my child and that he was being bullied and retaliation was constantly remaining in effect. Any counseling done through the school was unreal because they are the ones who caused any or such problems child doesn't have any mental problems however the school had been beating on him treating him badly (it's obvious they were retaliating and setting up some plan with a goal to support districts and Webster Elementary's plan because how does a school offer counseling on the first day and question me about what happened over there at Webster Elementary seeing that I don't want their counseling ask me well do you want me to go ahead and have child home schooled asked Miss Elizabeth Cortez Howe Elementary school counselor.)disrespecting me and him in one another's face I was assaulted by a webster employee and insulted and lied on as well. On a meeting at one of the Philadelphia Schools Webster Elementary when I did not understand something because they would not provide a sign language interpreter as I have some hearing loss, and I refused the meetings. Sherry Arabia would bully me to come to a meeting and physically push me to go into a room with her body or use threat of child will not get educated if I don't come into the room.Once I was in a room when I misunderstood anything Sherry would get in my face shake her head closely into my face point her hand closely in my face and say it clearly. I handled all that well normally you will see people who do not, but I didn't do anything back.I

chose to be out of the room child is a witness to much of the abuse done to me, and himself by the schools each school through Philadelphia City School District. He is scared not having a mental issue this is not good for a child's mental health and can cause problems for the child.

On December 12 2016 when I left the meeting prior to that principal told me I cannot come back to the school again. Just for being upset non physically for her beating my child up bruising him and refusing to sign their documents the same documents. I had left the building with no problem 27 minutes later the principal Jessica Ramos texted me to come back to the school and get my child. Child was recommended to keep a cell phone to call me the parent because he was not feeling safe. Child explained that Ms Royce had come to his class to pull him out to go to the office he refused to go because he felt they were gonna beat him up again for no reason and cause confusion he was scared so he tried to call me by phone and run to door to flag me down call me but I didn't hear him. Child was not playing phone games he was earnestly trying to call me but that phone wasn't working right it was on wifi. I returned and I was only 10 minutes away. Upon arriving the sign interpreter was still on premises which was strange because normally after every meeting I have seen the sign interpreter's leave the building complete their assignment and then leave. That interpreter was requested to stay at that the time I arrived I was doing exactly what I was told and leave I asked child to come on and we left I didn't ask anybody any questions. As I suspected they were provoking me and I didn't want any trouble. Nearly out the door Jessica Ramos called me back using my child she said I have to sign him out. That's weird cause it was end of day and they told me to get him. So I said okay signed child out when I was signing him out Jessica was saying all this harsh stuff to me she stated " Do Not bring your child back to this school " If you bring him back you will never see him again". " I'm going to see to it that he ends up in a Crazy Mental Hospital" These are all considered dangerous life threats..

December 13 th 2016 I filed a complaint with the District showed the District the child's pictures of his bruises as well the District did NOT take any steps to ensure my child's safety. The District went on the try and fulfill the need to get themselves covered they were focused on getting a document signed for them to have permission to say they counseled child provided him therapy this is to assist the district with cover ups they were not concerned about the abuse and did not want copies of the pictures or focus on the complaint, they also were protecting the district as they can get into trouble for throwing my child out of school banning him from education improperly for no reason and the abuse. I asked Mr Dean if the child lets your therapy and counseling workers know about the abuse that took place through the schools if they will report it to higher personnel and outside of the District Mr Dean said no Stage has to report that himself. I said I prefer to change my child's school. Mr Dean said the child's school cannot be changed until I sign forms and get him in counseling through the school District. I said that won't be happening. He said there's nothing he can do for me that was set up by his bosses upstairs (City School District Of Philadelphia Superintendent Hite, and Deputy Chief Rachael esq) each Department in the District is told not to provide me any such assistance if I want to file a complaint by paper I can by paper only, but after I write any paper I must leave and be on my way. My child is currently not receiving any education only by me providing it assisting him to stay reading practicing and writing. I have earnestly been trying to find him educational facility outside of his home including home school earnestly as well as teaching him looking up 3rd graders work and material so that he is still practicing while i so much try to pull something through. Apparently this child willingness to learn is high intention he loves learning and being in school he has shown me that even I can teach and he will learn. District set up a meeting after I did not stop at Mr Deans No. I went to different offices and ended back up at Mr Deans office and he set up by calling a F.A.C.E coordinator supervisor to meet with me back up at the school 8 am the next day. I told him and the others it did not make any sense child sustained bruises is scared too much violation happened at the school and

the Principal threatened his life I cannot put him back into all that. That's not safe they would not listen to me no one did not even response back to my emails for help assistance pleas.

Wednesday December 14 2016 8 am I showed up to Stearn Elementary there apparently were about 7 womens in the meeting I was not expecting such a meeting in that way. But However principal Jessica immediately went on to say that what will happen if my child assaults adults in which he never did No names were introduced everyone was looking at me angrily, Whenever Jessica made a statement she said do you understand Ms Hamilton. I did not respond it didn't make any sense. When I spoke as to report the abuse while everyone was there the F. A. C.E coordinator, Mrs Ramos interrupted me repeatedly to avoid talking about and exposing those concerns I said wait a minute I am talking now that lady tried to beat my son's butt, you all were hitting him he had all those damn bruises all that blood and we should just throw that out and don't talk about that I was very upset I said Ms Ramos you threatened my son's life directly to me and that interpreter was there and told me not to bring him back and we don't talk about that. I said forget this meeting I am out of here and back to the District. I went back to the District immediately and school contacted Mrs Holtman and Mrs Rachel Holtzman directed that all staff immediately not give me any service or communicate with me at all. It also was said I am refusing my child services and counseling and everything is my fault.

DHS was called in complaint on me on December 14 2016 By Principal Jessica Ramos that I would not get my son any counseling services and help him. Dhs Came to the home unexpectedly talked with me did an investigation. This is the 5 investigation and complaint made my Philadelphia City School District Schools. It is mostly Slanderous, Lies, intimidation, threatful, and falsifications that's they make towards me. Stearn Elementary School has made 3 complaints by this time to Dhs. Last case closed November 25th 2015 school became very mad. They filed a new complaint on December 14th opening another investigation back up on

me again. On Monday December 20th 2016 Stearne Elementary principal Jessica Ramos filed another complaint with DHS that I was not bringing my child to school when Stearn kicked my child out of school and made a death threat directly to me using the sign interpreter telling me NOT to bring the child back to this school. I didn't prefer for my child to not be in school nor do I prefer for him to be home educated or not learning that's horrible to not have education. This was done by Jessica Ramos, I was looking at the need for education as well as safety matters and it was not safe and is never a good ideal to sit up in abuse never kid or adult that's dangerous. A person can get killed like that, my child suffered enough emotional distress, taunt , bully abuse , neglect from philadelphia City School Districts all because they want to retaliate and were violators they believe in whipping children talking rudely or harshly about the kid calling them retarded, mentally challenged, need pills, and talking about their parents right in front of the kids and others. I noticed that out of 20 employees in any dept or school usually there is always 1 employee who is law abiding and does not abuse or neglect the students but they have witnessed other employees in violation but they do not report or say anything in fear of their employment.

Dear *Ms: Hamilton*

The Philadelphia Department of Human Services has received a report alleging the above are in need of general protective services due to a lack of adequate supervision.

Under the Child Protective Services Law and Regulations of the Commonwealth of Pennsylvania, the Department must make an assessment of every general protective services report received. The purpose of the law is to protect children and youth from abuse and neglect, to provide necessary services to ensure their safety, and to preserve and stabilize the family whenever possible.

I have been assigned to investigate this report to determine if a problem exists affecting the safety and well being of any children and youth in your home, and if so, to do everything possible to help you with this problem.

- ☐ I have made an unscheduled visit regarding the allegation of inadequate supervision, and I have discussed with you the care of the children and youth in your home. It is my responsibility to make another unscheduled visit regarding the allegation of inadequate supervision.
- ☒ I have made an unscheduled visit regarding the allegation of inadequate supervision and no one was home. I will be visiting you again on _____ between _____ and _____ to discuss the care and supervision of the children and youth in your home. I look forward to seeing you at that time and to offering you any help you may need.

Sincerely,

, DHS Worker

, DHS Supervisor

Dear Parent/Guardian,

Reviewing this report card is just one of the many ways you can stay well informed, empowered, and involved in your child's education.

Each day that you ask your child what book they read that day, what math problem they solved, or what discovery they found most interesting tells your child that what happens in school matters to the most important person in their life — you.

We welcome you in our schools and encourage you to be a partner with your child's teacher. For all of us, the rewards of helping your child develop into a successful and happy adult are immeasurable. Thank you for allowing The School District of Philadelphia to be an important part of your child's life.

Respectfully,

WSTL
